### 'a long winter s nap how hibernation helps you

**November 13th, 2017 - in the depths of winter do you find yourself wanting to sleep more eat more and curl up by the fire we often behave as if seasonal changes are irrelevant to a modern lifestyle after all in many ways civilization is all about overing nature but our bodies are evolutionarily old and remember how weather once dictated behavior'**

---

**'winter sleep movie review amp film summary 2014 roger ebert**

May 21st, 2020 - the strength of winter sleep is not so much in what any of the characters say as much as what it needs its near monumental length to actually show which is the way the most seemingly banal circumstances can throw you into a dark night of the soul before you even know what s going on a state of wide awake despair so calamitous one has no choice but to make a panion of it'

**'winter sleep a hibernation story by sean taylor**

**May 13th, 2020 - winter sleep uses a story of a boy who visits his grandmother as a framework to describe some of the ways that many woodland animals hibernate during the winter the book begins with a brief look at some animals in their wide awake forms during summer before contrasting this with the colder and quieter winter scene'**
