August 17th, 2018 - Biological Science by Scot Freeman is well written and concise A wealth of clear and colorful diagrams and illustrations make the material easy to understand and enjoyable to read The international version which I purchased was identical in content to the US version and saved me a lot of money"

**Biological Science by Scott Freeman Goodreads**

November 30th, 2004 - I challenging read because it s a textbook and because it goes into excruciating detail about the chemistry of some biological processes But there is a lot of information that is easier to read and take in and I learned a lot about biology even though the edition that I read is outdated and I probably need to read something that updates me about advancement in this field since then"
