book 2014 plutchik s wheel of emotions*

May 23rd, 2020 - like colours primary emotions can be expressed

at different intensities and can mix with one another to form different emotions. In the emotion wheel, the intensity of the emotion increases as you move towards the wheel's centre and decreases as you move outward. The darker the shade, the more intense the emotion. (Plutchik, 2001a)

'the a z guide to feelings and emotions

May 25th, 2020 - feelings emotions. Feelings tell us how to live, emotions tell us what we like and dislike. Feelings state there is a right and wrong way to be, emotions state there are good and bad actions. Feelings state your emotions matter, emotions state the external world matters. Feelings establish our long-term attitude toward reality.

'the emotion wheel what it is and how to use it pdf

May 26th, 2020 - to start with, there are no primary emotions; rather, a set of 20 emotions that are evaluated by two sets of polar parameters. Version 2.0 has 20 emotions, while the first model listed 16. The two parameters are valence (describing a situation as unpleasant or enjoyable) and control (power/looking at whether or not the individual has high or low control over the situation and its outcomes).
